The creator of the immortal characters Tarzan of the Apes and John Carter of Mars, EDGAR RICE BURROUGHS is one of the world's most popular authors. Mr. Burroughs' timeless tales of heroes and heroines transport readers from the jungles of Africa and the dead sea bottoms of Barsoom to the miles-high forests of Amtor and the savage inner world of Pellucidar, and even to alien civilizations beyond the farthest star. Mr. Burroughs' books are estimated to have sold hundreds of millions of copies, and they have spawned 60 films and 250 television episodes.

## THE FIRST UNIVERSE OF ITS KIND

A century before the term "crossover" became a buzzword in popular culture, Edgar Rice Burroughs created the first expansive, fully cohesive literary universe. Coexisting in this vast cosmos was a pantheon of immortal heroes and heroines—Tarzan of the Apes®, Jane Clayton™, John Carter®, Dejah Thoris®, Carson Napier™, and David Innes™ being only the best known among them. In Burroughs' 80-plus novels, their epic adventures transported them to the strange and exotic worlds of Barsoom®, Amtor™, Pellucidar®, Caspak™, and Vo-nah™, as well as the lost civilizations of Earth and even realms beyond the farthest star. Now the Edgar Rice Burroughs Universe expands in an all-new series of canonical novels written by today's talented authors!
